

STUDENT LEADERSHIP SUMMIT

Why are you passionate about student leadership development?

“I believe in reciprocal, horizontal mentorship. I’m passionate about student leadership development because I believe we all have something to learn from each other, and that learning most often comes through vulnerable work across difference. I am passionate about cooperative, non-hierarchical leadership structures, and it’s been my experience that most students are already leading, but often in ways that don’t get recognized as “leadership” in dominant cultures. We can help each other name the ways we show up for each other as leadership”.

2 quotes from Audre Lorde, cause I can’t pick one...

“Without community, there is no liberation...but community must not mean a shedding of our differences, nor the pathetic pretense that these differences do not exist.”

“Revolution is not a one-time event.”
