

# STUDENT LEADERSHIP SUMMIT

I'm originally from Ohio and graduated from The University of Akron where I studied Political Science. Before attending graduate school, I worked at an academic non-profit in Washington, DC for nearly three years managing summer and semester academic internship programs for undergraduates and law students. Recently, I received my Master's degree in Student Affairs Administration from Michigan State University. While in graduate school, I also completed internships in Housing Management/Operations and Fraternity and Sorority Life. I've been working full-time at the U for a little over a year, as the Resident Director for Lassonde Studios in Housing & Residential Education. Personally, I enjoy a good comedy or political drama, books about politics and leadership, and have a recent interest in tattoos and axe throwing!
